Hello Pittsburg Yacht Club Members!

I am excited that our Club's positive energy and engagement continue to grow as we enter May.

We had a fantastic month in April, starting with the Opening Day on the Delta celebration, with Father Robert blessing the boats and our Club. Along with the Murder Mystery Dinner, Wednesday night dinners, and the Birthday Anniversary celebration complete with a food truck, all being an outstanding success.

If you haven't had a chance to come out and enjoy the festivities, I urge you to come and participate. A lot is going on in May. Please come and join us for the fun.

I would also like to take this time to thank all the volunteers who made the events and the club function their best.

Special thanks go to Ed Borjon and his friend John for their outstanding job trimming the hedges around our club, making it beautiful. Ed and his friend did this without being asked, which is a true example of volunteering and being a part of our club.

Please check the calendar for event dates in May and plan on attending. Your involvement with any of the events would be welcomed and, of course, allow you to be part of the "behind the scenes" fun that being part of the process brings.

The events can be found here in the Yeoman, as well as the bulletin board at PYC, as well as being sent out by email once the event comes close! Follow up with the volunteer coordinator of any event that interests you.

Hello from behind the bar!

Our bar gross profit has been consistent month over month.

BIG NEWS!

Our bar is now open on Thursdays from 4-9 pm with our new bartender Michelle serving up your favorite libations.

Michelle is Pittsburg born and raised, and she previously spent some time at Bridge Y.C. as their bartender.

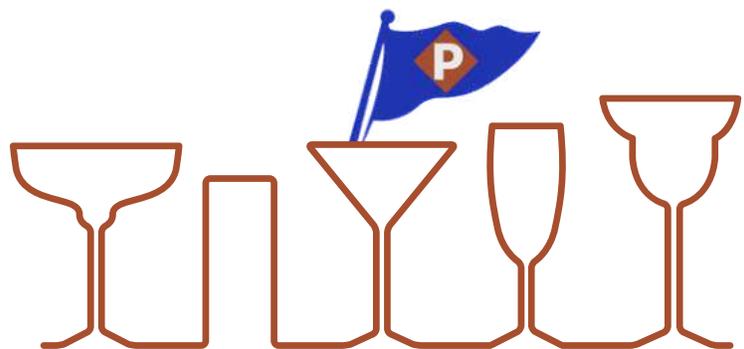

As a highlight, you might remember the Red Caboose in Antioch; Michelle and her mother were the owners.

Come on down and pay her a visit!

The weather played havoc with our Opening Day on the Delta event, but our fabulous members showed up and we had a full house with a wonderful brunch served up by Jan Cutaia, Katrina Vondra, and crew.

Always, thank you for your patronage of our bar!

Your man on vice,
Glen Abrams

Hello PYC Members,

Not much to report on this month!

I will be looking for volunteers for a clean up day at the club very soon. Please be on the lookout for more information to come!

Look forward to seeing you all at PYC.

Thank you in advance,
Gabe Palomino

Ahoy fellow clubbers!

The finances at our club are safe and sound. Thank you all for your continued support of the Pittsburg Yacht club.

Remember that every event you attend, and every purchase you make at the yacht club, helps to support the everyday costs of keeping our Pittsburg Yacopen and available for your enjoyment !

Looking forward to seeing you there,
Judi Brandle

Hello PYC,

Our beautiful California sun is back and It's finally that time of the year to untie out boats and get them off our docks!

It was nice to see everyone on the docks and at the club for our Opening Day on the Delta. Considering the weather that day, we had what I thought was a great turnout!

We have the date set for our Mildred Island raft-up over the last weekend in July – 7/25 7/28. Many of us head out on Thursday and come back on Sunday while others come on Friday and Saturday. We will be including a couple of other Yacht Clubs for this wonderful weekend.

If you have a small boat or PWC, TIKI Lagoon has a nice launch/ramp and is only about 5 miles away from our anchorage.

If you want to drive up and join us for the day we'd be happy to pick you up at Tiki Lagoon by small boat. Heck, we'll even have a sober driver get you back.

Please let me know if you are interested in joining us.

Hope to see you there!
Johnny Morgan

PORT CAPTAIN Samantha Fox

Hi everyone,

As I was a day early submitting my article last month I have a few kudos to give. Firstly, the wonderful Schoenthaler family for putting on a fantastic repast for Saint Patrick's day; as always they go all out and never fail to make sure everyone goes home with a full belly! Well, I did anyway! Many thanks to Bridge Marina, Dos Rios and San Joaquin YC's for joining us for dinner and dancing.

Opening Day on the Delta started off with wind and rain, but that did not stop our trustee boaters who were waiting for the wind to abate so they could decorate their boats and cruise out. Sadly, it was decided that as the weather was inclement, we should stay in the docks and have Father Robert bless them from the deck. He was wonderful as always, and managed to put a bit of humor into his sermon. He not only blessed the boats but all who were on the deck. Thank you Father!

We decided to award the prizes before lunch so the judges could look at the decorations that would have been put on their boats so.....

Happy Dayz

Drum roll please!

Joan and Richard Hardy, Jan and George Iaconis
Party of Five

Participation

Johnnie Morgan and Mary Rosson - Blitz
Art wake - Wake zone
Luis and Milly La Fosse - Salus
Francis Hofmeyer - Bavarian

The Judges had a tough time but did a good job! In case you want to argue with them, judging was from Marilyn Sperling, Denise Nelson and George Converse!

On to the wonderful lunch provided by our own volunteer excellent chefs Katrina Vondra, Jan Iaconis, and Linda Merletti! Not forgetting Nora Sanchez, who made sure there were donuts for everyone who came early. And, as always, a big thanks to our amazing bar keeps Kandi Sweeney and CeCe Hermida who kept a smile on everyone's face.

Please see below for up coming cruise ins.

As always, love you all,
Samantha Fox

SAFETY OFFICER

Stephen Biles

Sbiles3@comcast.net

925-473-9677

“Any activity that you take part in where something can inadvertently get in your eye is an activity in which you want to wear glasses”

Almost everyone will encounter a situation where they should really wear eye protection. This is true for everything from yard work to sports to basic household chores.

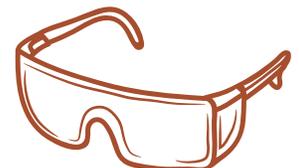

When foreign particles get into an eye, they can damage the sensitive membranes of your eyeball, leading to irritation, light sensitivity, and infection.

Most safety glasses are made from polycarbonate and are designed to keep everything that might come flying at your face away from your sensitive eyes.

Sunglasses or eyeglass lenses made from glass or plastic are occasionally helpful for this, but, unlike polycarbonate, these elements risk shattering and causing more problems since the shards can scratch or become embedded in the eyeball.

American National Standards Institute (ANSI) Z87.1+ rating specifies that the glasses will, among other things, protect against small particles traveling up to 150 feet per second.

With safety glasses, you can find markings either on the sidearm of the frames or on the right side of the lens. If the eyewear passed the high impact standard, you will see a “+” next to the Z87 or W marking on the sidearm or you'll see a W+ on the lens.

Mission Statement

The mission of the Pittsburg Yacht Club is to foster camaraderie and enhance shared experiences among our members, their families, and friends through engaging in nautical activities, lively social events, and enriching boating education. We've built a legacy as a warm, outgoing, multi-generational family club that values diversity and high character among its members.

Our commitment extends beyond our club's walls. We aspire to be the community's foremost resource for all things boating, including nautical education. As individuals and as a collective, we embrace a vital responsibility to promote, protect, and preserve the environmental integrity of our Delta and waterways, ensuring a legacy for present and future generations.

In our pursuit of excellence, we strive to continue our legacy as the Jewel of The Delta by providing our members with top-notch, well-maintained waterfront and Clubhouse facilities. Operating as a not-for-profit organization, we maintain fiscal prudence through strategic long-range planning, ensuring a solid financial foundation to support our endeavors and uphold our esteemed position within the community.

Board approved.

All about those flares!

What Are Marine Flares?

A marine flare is a type of pyrotechnic device that produces a brilliant light or a plume of colorful smoke as a visual distress signal to attract attention in an emergency, and to help pinpoint the boater's exact location.

What Type of Boaters Need to Carry Onboard Marine Flares?

The U.S. Coast Guard requires vessels longer than 16 feet operating on coastal waters, the Great Lakes, territorial seas, and waters directly connected to them (up to the point where the body of water is less than two miles wide) to carry Coast Guard approved visual distress signals.

Exceptions are:

- Recreational boats less than 16 feet in length.
- Open sailboats less than 26 feet in length and not equipped with propulsion machinery
- Manually propelled boats

Why Carry Visual Distress Signals, i.e., Marine Flares?

The Coast Guard requires boaters to carry 3 daytime and 3 nighttime use flares. Only 3 need be aboard if approved for both daytime and nighttime use.

Red-colored handheld and aerial pyrotechnic flares are approved for both daytime and nighttime use.
Orange-colored flares are approved for daytime use only.

The average shelf life for pyrotechnic flares is between 36 and 42 months from the manufacture date. Failure to have flares or having expired flares could result in a \$1,100 fine.

Why Are Marine Flares Hazardous?

Pyrotechnic flares contain toxic metals and pollutants such as perchlorate which is recognized as a water and health pollutant that can impact our waterways and can impair thyroid's function.

Why Are Expired Marine Flares an Issue in Our State?

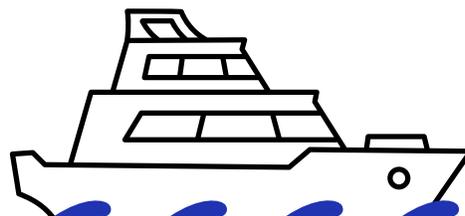

Expired marine flares are hazardous wastes, are transported as explosives and must be disposed of at a hazardous waste facility permitted by the EPA to manage explosives.

What Are the Current Disposal Options for Expired Marine Flares?

For disposal of expired marine flares, please contact the California Department of Toxic Substances Control (800) 728-6942) or your local Certified Unified Program Agency (<https://cersapps.calepa.ca.gov/public/directory/>) for assistance.

Recommended Best Practices for Marine Pyrotechnic Flares Disposal

Never put flares in the regular trash or in any waterway, it is illegal!
Never fire a flare if it is not an emergency! This is a federal crime and will be punished as such.
